CITY TRUSTEES HOLD SESSION

The payment of a bill for services rendered by a San Francisco detective agency was the theme of a speech by Trustee Hynding at the meeting of the City Council Monday evening. The detectives had been engaged to ascertain the truth of reports received by the president of the Council and the Good Government League.

As no complaints had been made at any meeting of the board, Hynding contended that the action of the Committee on Police and Public Morals was illegal, and the bill should not be paid.

Further than this Trustee Hynding [illegible] ~~ing that he was~~ owner of a saloon and that complaints of too much noise should not be heeded as, if a drunken man came into a saloon he could not be ejected without noise; and that would be cause of complaint.

After an ineffectual attempt on the part of President Merrill to convince Hynding that the services of the detectives were necessary, as no member of the board could have secured the evidence required to prove the charges that had been made, the claim was allowed by a vote of 4 to1.

A map of West Redwood was presented but consideration of it was postponed until next meeting.

Upon application of Geo. C. Ross a bill for water for the Mezes block, Main street was reduced to $14 on account of leaks in pipes. Notice was also given that repairs should be made, as no further reductions will be made on water bills.

Residents of Redwood avenue petitioned that water mains be extended along that thoroughfare, before macadamizing is done. Referred to City Attorney with instructions to look up the legal status and report at next meeting.

A long typewritten report was received from Galloway & Markwart, civil engineers, accompanied by a map of the plan of the proposed water system extension. A plan of the new reservoir to be built by W. J. Dingee and presented to the town, was also received and examined by the board. Consideration of both plans was postponed to the next meeting.

A resolution was adopted that on account of the macadamizing now going on in Dingee Park, it was not advisable to lay water pipes at present, and all bids that have been received for that work are rejected.

The Redwood City Lumber Co. applied to have Spruce street repaired, and the matter was referred to the Street Superintendent with power to act.

The Tacoma Mill Co. asked that First street be repaired, as it was getting worn in the center. The Street Superintendent was directed to order two carloads of screenings to be used on Broadway from the railroad to the county road and on First street from Broadway to C street.

Messrs Curran and Hedge protested against the opening of Eleventh street from Arguello to the county road as unnecessary at the present time.

The matter of extending the lighting system into Wellesley and Dingee Parks, and a main line along the Whipple road was ordered, and the clerk directed to invite bids for material to be used in the proposed extension.

Ordinance No. 71, changing the name of "A" street to Broadway was passed and adopted.

Affidavits were received from the Auditor and Town Treasurer. The former declared that the assessed valuation of property in this city amounts to $1,249,475. That of the Treasurer states that the bonded indebtedness of the town is $110,997.84.

Trustee Rice then presented Ordinance No. 72, directing that an election be held for the purpose of ascertaining whether it is the will of the people that a bonded indebtedness be incurred for the purpose of street improvement. According to law consideration was laid over until next meeting.

Mr. Genochio was informed that it would be necessary to secure the signatures of a majority of the property owners along Walnut street to have the width of sidewalks changed.

City Attorney Mansfield was directed to inform the West Redwood Land Co. that the company's signs on Roosevelt avenue bridge must be immediately removed.

It was ordered that until further notice Main and Broadway streets be swept twice a week instead of three times as at present.

Street Superintendent Dickey was authorized to procure 200 lbs. of filling for street sweeping machine.

The board discussed a new assessment district taking in the county road alone, and also reviewed the list of streets spoken of as in Assessment No. 10.

STOLEN—At Easton, a pointer pup, Wednesday, September 30th, between 4 and 5 p. m.; aged 9 months; one side head white, other side side liver color; round spot back of hip; liberal reward for arrest and prosecution. C. C. Barre, P. O. Burlingame. 10-3

COUNTY OFFICIAL PAPER.

D. E. O'KEEFE, Editor and Proprietor

FOR PRESIDENT
WILLIAM H. TAFT
OF OHIO.

Vote the ticket straight. The Republican nominees are all true and tried.

Read what an "Old Line Democrat" has to say about John MacBain. It's the right dope.

It is reported that the Republican majority in the county this year will reach the 1500 mark.

H E. Holmquist will be the next Assemblyman without a doubt. It is all over but the shouting.

Vote for amendment No. 3 and give the State officers a fair salary. The laborer is worthy of his hire.

Thomas C. Johnston is running like wild fire on the coast. He is making a house to house canvass for Supervisor of the Fourth Township.

J. J. Bullock, the Republican nominee for Superior Judge is making a winning fight. His friends predict his election by a large majority.

Hall C. Ross is making good speeches that are gaining him many friends and votes. County pride should give Mr. Ross a rousing vote in his home county.

Julius Eikerenkotter is making a red hot contest for Supervisor in the First Township. He has a [illegible] following in every precinct and his election is practically assured.

John MacBain has saved the county many hundred dollars in the construction of the new court house and will save still more hundreds of dollars is elected. He should receive a rousing vote.

Gompers, the foreigner, will find it a hard task to pursuade American workingmen and mechanics to vote for Bryan, the erratic and perennial nominee for President.

A vote for E. A. Hayes for Congress is a vote to keep a good man in office. He has had experience and is in a position to do some good for his district. To defeat him for a new man would almost be a disaster.

W. H. Taft is certain of election. He should have a solid Congress behind him to support his policies. Therefore it behooves all Republcans in San Mateo County to elect the legislative ticket in order that a Republican United States Senator be returned to Washington.

During the incumbency of John Mac Bain as Supervisor he reduced the hours of labor for men on the county roads to eight hours and raised the wages from $2 to $2.50 per day. During the incumbency of his predecessor the men worked nine hours and received $2 per day.

We are in receipt of a communication from Burlingame signed "Vox Populi". As the writer has not signed his name we consigned the letter to the waste basket. It is not the policy of this paper to publish communications that are not properly signed. We have learned since receiving the communication that it was forwarded to all the news papers of the county in the hope that some one would give it publicity. We also learn that it was hatched up for political purposes in Redwood City and not Burlingame. We don't propose to be made a scape goat for some fellow who has a grievance and who wants to vent his spleen by atrick of that kind.

J. J. BULLOCK,
Republican Nominee for Superior Judge.

Joseph J. Bullock, the Republican nominee for Superior Judg is making a splendid canvass throughout the county and is gaining friends everywhere. Mr. Bullock is splendidly equipped for the position. He is a graduate of Santa Clara College and has been practicing law in this county for nearly 20 years during which time he has handled some important cases. For the past ten years he has ably filled the office of district attorney. At the election two years ago he defeated his opponent nearly 1000 votes and this shows how well he is liked in San Mateo County. He has made a good district attorney and will be a just and impartial judge.

Some Things Hayes Stands For

Mr. Hayes stands for the integrity and permanence of the American home. He does not believe Americans can sustain a proper standard of living if brought into more extensive competition with Asiatic labor. Already a horde of Chinese, Koreans and Japanese have found employment on the Pacific Coast. Though the exclusion law against the Chinese has been in force for a generation the number of coolies seems to decrease slowly, if at all. In Japan the limit of taxation has almost been reached, in their insatiable desire to be recognised as a world power. Thousands of her people are forced to go elsewhere to earn a subsistence. The tyranny of Japan in Korea is forcing hundreds of those people out of their own land. Both the Koreans and Japanese now find no serious obstacle to their entrance into our country. Even a sprinkling of Hindus—the advance guard of an unnumbered host—have found entrance to this favored land. From the time that he first entered Congress, Mr. Hayes demanded that the bars be put up high and strong against all Asiatics. None of these races can ever be assimilated and made into worthy Americans, and their coming is a menace to all that Americans hold dear. By his persistent advocacy of Asiatic exclusion Mr. Hayes has at last awakened many eastern Congressmen to the dangers that threaten our Coast, and the chances for further exclusion laws are good if he is sent back to press the agitation to the end. Send his opponent, and little or nothing will be accomplished.

While Mr. Hayes stands for a revision of the tariff, he believes a protective tariff should be revised by its friends and not by its enemies. If Mr. Tracy is sent to Cengress, he will do what he can to remove the protection now afforded to California garden seeds, fruit (fresh and green), walnuts, barley, hops, beans, almonds, lumber, hides and wool. If successful, those industries will be much depressed, wages will be reduced, and men will be thrown out of employment in large numbers. Nor can these industries suffer without seriously affecting all other lines of employment. For nearly a year there has been a financial stringency in our country. Let the Democrats win, and begin tinkering at the tariff with any hope of success, and we are likely to have a financial disturbance which will make the trouble we have passed through lately seem like "good times". Why do we say this? Because we have a vivid recollection of what happened when the Democracy was last in power; and like the old Bourbons of France "they never learn anything, nor forget anything".

Mr. Hayes stands for independence of action by public men. We know his opponents charge him with being dominated by Herrin. If true, how do you account for him voting for the new employers' liability law, for the law authorizing the Interstate Commerce Comission to prescribe regulations for the transportation of explosives so as to promote the safety of passengers and employees, and for the law prohibiting railroads engaged in interstate commerce from using locomotives after Jan. 1, 1910, equipped with an ashpan which necessitates an employee getting under the engine? All these measures against railroads were passed at the last session of Congress, and Mr. Hayes voted for all of them. In a former Congress Mr. Hayes voted for the rail road rate bill which gave the Interstate Commerce Commission control over rates, for the eight hour law, and for the law limiting the hours of continuous service for railroad employes. Do these votes show that he is dominated by the great railroad attorney? Such unsupported charges show how hard pressed his enemies are. Want of courage is not one of his failings. If it were, he would certainly not have boldly joined in the movement to curb the power of Speaker Cannon, and to give back to the House its independence of action. This district was never represented by a man who had more reasons for being entirely independent. He contends that no man receives from him an unwilling allegiance, and we believe he tells the truth. With his opponent trying to carry water not only on both shoulders, but on his head as well, it ought to be easy for thoughtful voters to determine the man worthy of their support for Congress. Last but not least, Mr. Hayes stands for the well-known and well tried principles of the Roosevelt administration, and pledges himself publicly to uphold Judge Taft as his successor in carrying them out. When a man makes a pledge his character, attainments, and record are all taken into consideration when judging whether he will make good. There has been time and opportunity to know all these facts about Mr. Hayes. We know nothing as to his opponent. He has been too short a time in California to be known, and too little in real public life to be entrusted with great interests.

In closing an address at Palo Atlo, Mr. Hayes used the following language: "If I am reelected to Congress I shall do as I have done in the past. I believe that the strongest argument a public servant can adduce in his own behalf is the service which he has already rendered. I invite you to look into my record and see whether or not I have served you faithfully. I defy any man to put his finger on anything in my record that gives him the right to say that as a member of Congress I have ever stood for anything but the greatest and highest interests of the people whom I represent, and of the people of these United States. If I am reterned to Congress I shall go there PERFECTLY FREE to serve you according to my understanding of your greatest interests. I shall uphold the hands of President Taft—because he will be the next President just as surely as you are here tonight—and I shall do all in my power to protect your interests just as I have striven to do in the past."

REDFERN WHALEBONE CORSET
The Standard of Fashion, the Foundation of a Perfect Fitting Gown

Directoire Model 41
is the most extreme Directoire shape in this country and was designed in Paris by the Redfern designer who visited Paris for this express purpose. It completely envelops the hips; the soft cloth extension of the skirt incases the fleshy part of the limb. Regardless of its seemingly great length it is exceedingly comfortable in wear, whether standing, sitting or walking, and it lengthens the waist without curving noticeably, the waistline extending into the straight flat hip.
PRICE, $6.00

Sheath Skirt Style, Model 38
This beautiful sheath skirt model, with the extremely long back, is made for tall medium figures. It has a full high bust, with the extended waist line. The soft skirt with four-inch width of unboned fabric extending beyond the boned position, very cumfortably envelops the fleshy part of the figure.
PRICE, $3.50

The new fashion is known as Directoire and in this mode are many ideas, all of which require careful corsetting.

Through their cut and wumming mode current fashions should convey the impression of unbroken lines. The figure foundation required for accenting this new effect must not exaggerate the natural curves of the waist and hips, but only slightly define the waist and scientifically reduce the hips and abdomen, so that the whole figure is given the appearance of natural slimness. Redfern models produce this result.

We standardized Redfern corsets so that ever corset is the essential matter of wear is equally high, no matter what the price. Every Redfern corset is guaranteed not to RUST, BREAK or TEAR.

Favors MacBain

Editor Times-Gazette, Dear Sir:—With your kind permission I desire to state that I have been a resident in this county for more than forty years and have always voted the Democratic ticket but I am going to jump the traces this year and vote for John MacBain for Supervisor. I am now advanced in the evening of life and this may be my last vote. I have never yet scratched my ticket but will do so at the approaching election. My reason for so doing is a just one. I am a reader of the Times-Gazette and have carefully followed the published minutes of the Board of Supervisors for the past four years and have noticed that John MacBain has voted right on all questions. His vote was always in favor of the taxpayer. His course on the Board meets with my hearty approval and it should also meet with the approbation of every taxpayer in the third township and in the county. He is an honest official and should be retained on the Board. I urge all taxpayers to vote for honest John MacBain.

Sincerely yours,
An Old Line Democrat.

Postoffice for Visitacion

The postoffice department has established a new postoffice at Visitacion, San Mateo county, and William Donald hs been appointed postmaster. Mr. Donald was for many years connected withthe Union Iron Works and is well known in business circles in San Francisco but has recently become identified with Visitacion the new and growing community adjoining the new yards and shops of the Southern Pacific, just beyond the southern limits of San Francisco on the Bay Shore cut-off. Nearly one thousand lots have been purchased at Visitacion by people who contemplate establishing homes there in the near future, and to meet the demands of an increasing population the new postoffice has been established at that point.

Stand by Honest John

There is no man in the Third Supervisorial district better known than John MacBain. iHs acquaintance, however, does not depend upon the fact that he is the supervisor of the Third District, for he has been a citizen of the county for more than thirty years. There may sometimes be a doubtful distinction in holding office, but not a suspicion of evil has ever attached to the dealings, public or private, of John MacBain. When Mr. MacBain assumed the duties of his office he found the funds of his road district overdrawn to the extent of $11,000. Then, too, the earthquake destroyed the county water tanks, damaged the mountain roads and wrecked bridges, necessitating many thousands of dollars of emergency expenditure.

In the duties of his office Mr. MacBain has shown the prudence and acumen of a successful business man, using the same good management and anxious care that he does to his private interests For example, in the road work, Mr. MacBain has purchased scrapers, sprinklers a traction engine, which become a valuable investment for the future. If any citizen doubts the efficency of his superintendence of road work, let him take a ride through the district and observe the graded roads, rocked and oiled, and the concrete bridges and culverts. This, too, has been done without incurring a deficit. In other lines of official work Mr. MacBain has saved the taxpayers thousands of dollars, notably in insisting upon the readvertisement for bids for the reconstruction of the Court House We urge citizens of our district to consider carefully the choice of their Supervisor, for it is an office that should be above mere partisan politics. John MacBain is a consistant Republican and comes before the voters of the district as such, but his incumbency has not been marked by offensive partisanship. For the good of the district and the county it is essential that the voters shouldre-elect as Supervisor of the Third district John MacBain, whose sturdy motto has been, "What is Right."

Eikerenkotter the Man

SOUTH SAN FRANCISCO, Oct. 23.—Julius Eikerenkotter, the Republican nominee for supervisor of this township, will be elected without doubt. He is gaining votes every day. There has been considerable mud slinging by his opponent but that is making votes for Mr. Eikerenkotter, who is conducting a clean campaign. He has been the best supervisor this township has ever had, the roads were never in better condition. Mr. Eikerenkotter his built numerous concrete bridges in the district which redound to his credit. His friends predict his election by a big majority.

Best Ever

A page of adjectives all expressed in the superlative could not begin to express the beauty of the exhibit at the flower show now being held at the Alhambra by the San Mateo County floral society. One could well think that he were entering fairy land or paradise once he is within the doors of the hall. Around, before and above are beautiful decorative plants, blooms of every shade and foliage of varied hues. A collection such as this should be viewed by every person iin he vicinity, as it is doubtful if so much beauty has ever been gathered under one roof in this county before.

The Floral Society is certainly conferring a favor upon our city by having its meet here, and the citizens should show their appreciation by going and enjoying the rare pleasure which has been put in their very midst.

Articles of Incorporation

The following articles of incorporation were filed during the week in the county Clerks office:—

The Granada Lumber Co. incorporates with a capital stock of $25,000 divided into 25,000 shares at a par value of $1 each. The actual amount of stock subscribed is $3 by the following directors who subscribe one share each:—E. J. Boyce, M. J. Bates and H. K. Sorensen. The company incorporates for the purpose of doing a general lumber business at Granada. The latter place is a new town on the line of the Ocean Shore Railroad Co.

PICKED UP BY REPORTERS

HALF MOON BAY, Oct 23.—The contest for Supervisor of the Fourth Township is a friendly one so far as the respectve candidates are concerned. Each is a young man of good standing on the Coast side where both have resided and have been friends for years. Republicans are urging the election of Thomas C. Johnston, not because their choice represents Republican principles, but because he is able enough to give the people an efficient administration of the duties of office of Supervisor without fear or favor. He knows what the duties of that office are and how to discharge them to the best interest of the taxpayer and to all concerned. He is familiar with the needs of the people of the Coast side andwill see to it that they get all that it due them. This community in and about Halfmoon Bay is fast becoming an important factor in the County. No man is better fitted or suited to keep alive with its growing wants than Mr. Johnston. He is a man that may be seen any time tand is courteous and willing to listen to all regardless of party affiliations. He has been in business for years at Halfmoon and knows every one in the vicinity. Having been a farmer in his time he is familiar with road building. Republicans and Democrats alike would make no mistake in voting for him as Supervisor. It is certain that if he is elected there will be no opposition to him four years hence.

The interest of the people will be his interest if elected. Therefore the citizens of the Fourth Township should favor his candidacy and do all that is possible and honorable to secure his election. It is true that he is a new man in political life but he is a man of mature years and understanding and has seen the mistakes that others have made.

So when the third of November arrives, you citizens of Halfmoon Bay and vicinity, should make up your mind the better man for the office of Supervisor of your Township is Thomas C. Johnston.

Pescadero Pebbles

PESCADERO, October 23.—Sheriff Chatham was in town recently on legal business.

Joseph Hollinsead of Palo Alto is here on a visit to his parents.

Mr. and Mrs. F. A. Woodman went to Santa Cruz Tuesday last.

Madeline Gianola is in San Francisco visiting friends for a few days.

Mrs. Ed Teague, who has had a hard siege of sciatic rheumatism recently, is considerably better and able to be about once more.

Mrs. Al Weeks was in the city and Redwood Thursday last, returning home on Tuesday. Her sister, Mrs. McLellan, kept house for her during her absence and for company for her mother.

H. V. Falconer has opened a real estate office in town and has also charge of the yard recently started by the Dudfield Lumber Co. Any one wishing to dispose of his holdings would do well to trust his affairs in Mr. Falconer's hands, as he has had a wide experience in various estates and timber land deals.

PRETTY CHUCH WEDDING.

Not they are fully wed who just
Before a priest have stood and plighted
Whatever vows of love and trust,
Howe'er they hold themselves united;

But they who bound with holy bands,
Have each the others burden's carried
Their whole life through with loving hands
And willing hearts: they—they are married.

The sun rose on the morning of the 21st as if expectant of something more than ordinary for that particular day in Pescadero. The wind blew with a fresh briskness that seemed to carry tidings of special import; the clouds skudded across the sky, each a white-flecked messenger of the jubilant news. The very specks of dust that the wind raised in its breezy course appeared like so many happy sprites gleefully sportive. The citizens tumbled out of bed with more than usual alacrity, the blacksmith's hammer seemed to ring with more than accustomed tunefulness, old folks smiled and the young folks threw back the smiles, accompanied by rippling laughter. The very twitter of the birds seemed to take on a new meaning in joyous harmony with the rest, as if they knew of the jubilation and were especially called to increase the sum total of the general rejoicing. However that may be, the fact remains that quite a large congregation of congratulatory friends had gathered in the church to see those two young hearts that beat as one come to join hands at the hymeneal altar; plight their throth for better, for worse, for richer, for poorer, in sickness and in health, till death do them part. They were a happy young couple—Thomas A. Woodman of Oakland and May Good of Pescadero. Very charming looked the bride in her beautiful white silk organdie bridal array. And very manly looked her stalwart young husband as he gave the responses which bound to him the wife of his choice. They were supported: the groom by his brother, Clarence Woodman of San Cruz, and the bride by Miss Robbins of Stockton. The pastor, Rev. J. W. Goffin, stood with his back to an elaborate profusion of tastily arranged green, relieved with love knots of white and an enormous display of pampas grass; while over the heads of the bride and groom there hung a floral marriage bell with a rosy tongue, mute but eloquent. Mrs. Glenn Anderson played a wedding march, to the time of which the couples marched to the front and stood facing the minister. After the ceremony and the signing of the certificate the happy party rode to the residence of the bride's parents, where a sumptuous collation was spread to which a large company sat down. Grace was said by the pastor and then digestion, waiting on appetite, and health on both, the viands disappeared like snow in summer, the tables hitherto groaning under the very weight of their abundance seeming to rejoice over the gradual lightening which the merry company effected in good time. There were many useful and elegant presents sent the happy pair from their large circle of friends and acquaintances—substantial evidences of the high esteem in which they are held. Not long after the banquet the bride and groom drove off to catch the train going north on their wedding trip. Among the guests from out of town were Mrs. Good's sister-in-law, Mrs. S. Gallop of Stockton, and Miss Addie Woodman of Oakland. A telegram of congratulation was received from past presidents Sisters Fargo and Crowe of the Rebekah lodge of Santa Cruz. The best wishes of their many friends speed them on their way. A photograph of the bridal party was taken on the church steps. Mrs. May (Good) Woodman is the only daughter of Mr. and Mrs. H. L. Good of this place. She is a young lady who has hosts of friends, all of whom will wish her long life and much happiness in the new relationship.

SUPERVISORS HOLD SESSION

The board of Supervisors met in regular session Monday. All members were present except Blackburn who answered roll call in the afternoon session of the board.

The matter of the claim of John W. Williams for a balance due for constructing the joint bridge over San Francisquito Creek at Palo Alto was taken up and discussed. Over a year ago Williams completed the bridge and it was accepted by the Santa Clara board of Supervisors but the San Mateo county board refused to do so as it was not built according to plans and specifications. Williams gave a sub-contract for the gravel to Peter Suverkrup and the latter had some difficulty in collecting his money and finally filed his claim with the board. Williams wrote several letters to Suverkrup in which he accused MacBain of conspiring against him and endeavoring to further his (MacBain's) political ends by refusing to pay the claim. These letters were placed before the board several weeks ago and Williams was cited to appear and explain. When asked Monday by MacBain what grounds he had for writing such letters he became confused and blurted out that he did not see why his claim was held up. MacBain said if he could show where he conspired with any one he would resign. He asked Williams if he did not receive $900. To this the contractor said that he had and added the contract called for $1325 for the bridge and $264 for walks, etc.

County Surveyor Neuman was called in and stated he had never received a notification of the completion of the work, towhich Williams replied that the Santa Clara Surveyor had sent a notice of completion and the Clerk must have the papers.

Supervisor MacBain characterized Williams' statements and letters as a lot of rot, and loudly proclaimed that anybody who would write such stuff ought to be kicked out of the Court House.

Williams said there was no one in the courthouse big enough to do it.

With a resounding whack on his desk, MacBain said he would put up $100 that he could do it, and added, "I would like the job for just one minute, either for you or for half a dozen others."

Williams started a reply, but was stopped by the Chair, who called for order.

Williams served a formal notice on the board not to pay any money to Suverkrup and if any were made he would hold the county responsible.

A letter was read from Donald McKenzie superintendent of the construction of the new courthouse, stating the contractor, The O'Brien Construction Co. refused to back up the brick work for the stone contractor. On motion of MacBain seconded by Eikerenkotter the architect was instructed to compel the contractor to do the work.

Archer Kincaid appeared before the board on behalf of Mr. King in reference to the removal of a barn on Hill street, Belmont. On motion of Debenedetti seconded by MacBain the obstruction was ordered removed, when or by whom was not stated.

A Mansfield appeared before the board on behalf of the Democratic County Committee and asked that two watchers be appointed at each precinct on the day of election.

Eikerenkotter thought it nwas not necessary that each election board would admit them as they have always heretofore done.

Supervisor Debenedetti wanted watchers appointed—two to each election booth—to see that the votes at election next month are honestly counted. He suggested the naming of the men by the Republican and Democratic County Committees, respectively, in each booth to be one of each political faith.

It was finally agreed to grant Mansfield's request.

On motion of Eikerenkotter seconded by MacBain a map of Redwood Park was ordered filed.

The board adjournedu ntil Monday November 2d, but as that is the day before election, when MacBain and Eikerenkotter will be extremely busy it was agreed that a postponement would be ordered until the ninth.

MENLO PARK HAPPENINGS

E. L. Eyre and family have taken up their abode in San Francisco for the winter.

Mr.E . W. Hopkins and his debutante daughter, Miss Florence Hopkins, arrived Sunday after having spent an enjoyable month motoring in the east. They have closed their home here, where they spent the summer months, and will be in San Francisco during the winter. Miss Hopkins will be presented to society at a large tea to be given in the near future. She will be extensively entertained during the winter, her sisters, Mrs. Augustus Taylor, Mrs. William Taylor and Mrs. Fred McNear, as well as a host of friends having planned a number of affairs in her honor.

Malcom P. Anderson, son of Professor M. B. Anderson,r eturned recently from a three-years' stay in China and Japan, where he went shortly after his graduation with the class of 1904. His major was zoology, and he spent several months in Alaska collecting specimens before going to the Orient. Mr. Anderson remained a short time at home here after returning from China and then, in company with his mother, left two days ago for a year's journeying through Europe.

The silver jubilee observed in San Francisco the past week in honor of Archbishop Patrick W. Riordan, commemorating the twenty-fifth anniversary of the date upon which he took charge of the diocese of California, was continued Monday at St. Patrick's Theological Seminary. The ceremonies at the seminary began at 10:30 in the morning with an address to the archbishop by a senior on behalf of the seniors, and an address by a junior on behalf of the juniors. The singing was a most impressive feature of the ceremonies. A chorus of eight seniors and also one of six juniors sang, and then the two sang together. Archb'shop Da Silva, of Portugal was present and about forty priests from outside points, in addition to the members of the seminary faculty. At 1 o'clock a repast was served in the dining hall. At 2:30 the archbishop and the clergy and pupils proceeded to Sacred Heart Academy at Menlo Park, where the Madames of the Sacred Heart in charge of that institution tendered them a reception.

The archbishop was dined by Joseph A. Donohoe in the evening. St. Patrick's Seminary is one of the great works accomplished by Archbishop Riordan. Through his efforts the fine property of eighty acres was secured and a million or more dollars raised for the erection of the buildiings. The archbishop's desire to have a great Catholic theological school in the west has been fully realized.

The Unterrified will hold a rally here this evening. Tracy, the Democratic nominee for Congress, will address the meeting and also the local candidates will speak.

W. B. Weir and family moved to the city for the for the winter last Monday.

Mr.and Mrs. James L. Flood are spending the week end at San Francisco.

Joseph A. Donohoe will shortly move to San Frncisco for the winter months. His daughter, Catherine, will be one of the charming debutantes of the season. Miss Donohoe is a graduate of Sacred Heart Academy, and is highly accomplished and a lovable young lady.

Charles Poole has bought a lot in the Johnson tract on which he intends to erect a cosy bungalow.

Frank Morey the young son of Mr and Mrs. John Morey, fell from his bed last Monday night and suffered a fracture of his collar bone. The little sufferer will be laid up for some time.

Miss Bessie Lewis entertained the young ladies of the sewing club of the Episcopal church Wednesday evening in honor of the new rector, Rev. Chinn. A most enjoyable time was had.

The first Republican rally of the campaign here took place Tuesday Bon fires blazed and the Redwood City brass band rendered patriotic music. Armory hall was crowded to the doors and much enthusiasm prevailed. Jas. T. O'Keefe presided at the meeting and after some introductory remarks presented Hall C. Ross, the nominee of Joint Senator. Mr. Ross made a good impression on his hearers by a forcible and earnest address in which he outlined the legislation he would try and enact if elected. He closed by paying an eloquent tribute to W. H. Taft whose election he predicted by a big vote. J. J. Bullock, the nominee for Superior Judge was given an ovation when introduced. He delivered a neat speech, pledging himself to be impartial, just and honest in his decisions if elected. He said he would have no friends to reward or enemies to punish while on the bench. As he concluded he was given a hearty cheer. H. E. Holmquist delivered an able speech. He took occassion to tel what he intended to do if elected and what legislation he favored. He would represent the county at Sacramento to the best of his ability. John MacBain was loudly cheered when he appeared After paying his opponent a neat compliment he said that he had always voted on the side of the people while a member of the Board of Supervisors. If the voters thought he merited their support by his action he would be glad to receive it. He said it was his constant aim to serve the people while in offic. H was cheered lustily as he took his seat. Dr. Whitewolf addressed the large audience saying kind words about all the candidates and urged his hearers to support them. The doctor was in great favor with his hearers and was loudly applauded when finishing his address. The meeting closed with three cheers for the candidates.

Thursday of last week the home of Fred McNear was made happy by the arrival of a baby boy all the way from baby land.

B. Liedberg has secured the agency for the Palo Alto Home bakery and will carry a full line of its well-known cakes, pies, bread, etc. We refer to Mr. Liedberg's announcement on the second page of this issue.

Last Sunday an automobile dashed through the convent grounds at a high rate of speed and narrowly escaped killing one of the children while on her way to the convent building. It is bad enough for automobile parties to disregard life and limb in the public roads, but when people in their private grounds are not safe from intrusion sor recklessness, the situation become unbearable.

The net proceeds of the sale of fancy articles by the ladies' auxiliary was $775.00.

Why Every Republican of San Mateo County Should Vote for Hall C. Ross for the Office of State Senator.

Because the Republican Party in its national platform has pledged itself to the revision of the tariff at special session of Congress to be called immediately after the inaugeration of President Taft, and the tariff in the interests of our state, should be revised along Republican, and not Democratic lines.

Because the next legislature at its session in January, 1909, will elect a United States Senator to succeed Geo. C. Perkins to represent California at this special session of congress, and Mr. Ross will vote for a Republican for United States Senator.

Because at the session of the Legislature in 1911 a senator to succeed United States Senator Frank P. Flint must be elected, and Mr. Ross will then again vote for a Republican.

Because two Republican senators from California will greatly assist our next president in carrying out and into effect the policies of President Roosevelt.

Because at the session of the legislature in 1911, the whole state of California must be re-apportioned into new districts for the election of members of assembly, state senators and representatives in congress. This new apportionment will continue in force for the following ten years and it is most important that such apportionment be so made as to be fair to the Republican electors of our state and not give to the Democratic Party an opportunity to gerrymander the state in its interests. Mr. Ross will vote with the Republican Party in such re-apportionment.

Because by the construction and completion of the Ocean Shore Railroad San Mateo and Santa Cruz counties, now closely associated, will be brought more nearly in touch with each other—their interests being more strongly cemented thereby—and lgislation which will benefit one will be of advantage to the other and Mr. Ross will vote to continue these two counties in the same senatorial district.

Because in the judgment of Mr. Ross the interests of San Mateo county are so closely allied with those of Santa Cruz and Santa Clara counties that he will vote to include these three counties in the same congressional, railroad and equalization districts.

Because good roads largely help to build up and improve the adjacent country; because travel between Santa Cruz and San Francisco can be had only through San Mateo County; because a main state highway from San Francisco to Santa Cruz through San Mateo County would add very much to the value of property in San Mateo County; and because Mr. Ross is pledged by the platform on which he was nominated to vote and work for "good roads."

Because the administration of the state is Republican and Mr. Ross being a Republican will be in line with that administration and can do much more for the county of Santa Cruz and the whole district than can a senator from the Democratic Party who must and will be in opposition to the Republican administration.

DOINGS IN THE SUPERIOR COURT

A. A. Lo Reaux, of San Bruno, has enjoined the trustees of the San Bruno Park School district, W. H. Underhill, Auditor, and P. P. Chamberlain, Treasurer, for accepting a deed for, aduiting and paying a warrant for the purchase of certain lots in Huntington Park for a school site. Mr. Lo Reaux maintains that the purchase of the property was unlawful in so far as the trustees were not instructed by the electors of the district in a school meeting as provided by law. The suit will be heard in the Superior Court on October 29.

C. R. Splivalo has commenced an action in the Superior Court against D. R. Oliver to gain possession of 59 acres of land adjoining the property of the late J. H. Budd. Splivalo owns the land and the complaint alleges he was ejected therefrom by defendant on October 13, 1908. For this he asks damages in the sum of $500 and also asks judgment for rents amounting to $250 and costs of suit.

On Thursday Judge Buck granted an interlocutory decree of divorce to Martha Makowsky from her husband, [illegible] Makowski on the grounds of extreme cruelty. The custody of the two minor children, Donald Edgar and John Makowski was awarded to the mother.

Judge Buck has appointed the following appraisers of the estate of Clara Munkittrick, deceased. J. A. Foster, Frank Drummond and G. W. Loveland.

Holmquist for Assembly

Hjalmar Holmqusit has resided in Redwood City continuously for twenty five years. Graduating from the local schools he completed the academic course at Stanford University returning for a period of post graduate work in law. He has been fortunate in his heritage of vigor of body and mind. Having his own way to make very largely he has turned his hand to any honest work, and no one has ever heard him complain. He became well known throughout the county as deputy clerk under H. Schaberg. His ability as an orator of the highest order has been recognized for several years, and his services have been in demand in all parts of the county. The innuendo that Hjalmar Holmquist's nomination was the result of anything more than the manifest recognition of his abilities and deserts is unjust. Those who know his sterling qualit'es will refute vigorously any such argument. We urge the election of H. E. Holmquist to the Assembly, for our interests will be in worthy hands.

CHAPTER 424. An act to provide for the issuance and sale of state bonds to create a fund for the construction by the board of state harbor commissioners of wharves, piers, seawall, state railroad, spurs and appurtenances in the city and county of San Francisco; to create a sinking fund for the payment of said bonds; and providing for the submission of this act to a vote of the people.

The people of the State of California, represented in senate and assembly, do enact as follows:

SECTION 1. For the purpose of providing a fund for the payment of the indebtedness hereby authorized to be incurred by the board of state harbor commissioners for the erection of wharves, piers, seawall, state railroad, spurs and appurtenances in the city and county of San Francisco, at a cost not to exceed two million dollars (which said wharves, piers, seawall, state railroad, spurs and appurtenances the board of state harbor commissioners are hereby empowered to construct in the manner authorized by law, and at a cost not to exceed said two million dollars), the state treasurer shall, immediately after the issuance of the proclamation of the governor provided for in section 10 hereof, prepare two thousand suitable bonds of the State of California, in the denomination of one thousand dollars each.
